ref. 99007100

LARGE MODEL RESCUE PLATFORM

REDDINGSPLATFORMEN

Platform dimensions (LxW): 1 800 x 800 mm

Weight: 59 kg

Max load: 500 kg

DESCRIPTION

Work platform specially designed for the fire brigade to rescue people at higher altitudes, in particular to free trapped persons in truck cabins or trains, etc.

practical benefits:

* Working in an ergonomically responsible manner
* Rescue equipment can also be placed at working height on the platform.
* Very stable design
* Light in weight due to the aluminium construction
* Very simple and quick set-up without the use of screws or bolts
* Equipped with folding safety balustrade.
